

Fall Tree Number Matching

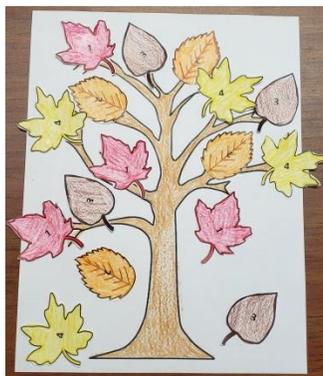

1. Print off the tree trunk and leaves page.
2. Color your tree trunk and leaves. Color leaves with the same number the same color. Or, color leaves however you'd like. Use your imagination!

3. Cut out leaves. (Ask an adult for help)

4. Match the number on the leaf to the number on the tree.
5. Use a glue stick to attach the leaf to the correct number on your tree trunk.

6. Now you have a beautiful fall tree!

Questions to ask yourself...

- Are any of the leaves in this activity similar in shape?
- Do you see any of these leaves outside in your own backyard?
 - What colors do you see?
 - How many leaf shapes do you notice?
 - Are there big leaves? Small leaves?
 - Are there a lot of leaves still on the tree? Or only a few?
- Why do you think leaves fall off of the tree in fall/autumn?

Visit the Wilbur D. May Arboretum with your friends and family and look for leaves similar to the ones from this activity!
